Dear Potential Sponsor,

We would like to invite you to sponsor HackIllinois, a student-run hackathon at the University of Illinois. Last year, over 750 talented students traveled from around the country to spend 36 consecutive hours creating technical projects that blew our judges away. From **February 27th to March 1st, 2015**, HackIllinois will return to Urbana-Champaign. Join us as we provide an unparalleled creative outlet for talented individuals to find their inner explorers.

The computer science and electrical and computer engineering programs at the University of Illinois are both ranked among the top five in the nation. Sponsoring HackIllinois will give you the ability to get involved with these world-renowned groups. You will also have the opportunity to:

- 🐾 Gain early access to resumes and to establish personal relationships with students

- 🐾 Send mentors to HackIllinois to assist participants with integrating your API into their projects

- 🐾 Expose your company and brand to participants and exhibition attendees

- 🐾 Interview prospective employees on-site

Your support will directly benefit all of our participants. A sponsorship tier list is attached detailing how you can contribute to HackIllinois. If you have any questions, please do not hesitate to reach out to us at sponsor@hackillinois.org.

We look forward to working with you to make HackIllinois better than ever.

Thank you,
HackIllinois Team
